Success

There are few people in the world and probably none in our high schools who are not desirous of success and hopeful concerning its attainment. However, success varies in meaning and degree in direct proportion to the standards adopted by the ones who seek it.

To attain success, lofty goals should be set and every human faculty brought into full play. Someone has said, "Nothing succeeds like success." Small things, well done, provide the stimuli and ability to accomplish greater things.

True greatness lies in service rather than selfishness. One good deed for society is worth more than a hundred that are purely selfish. When an education and the development of skills are coupled with a sense of duty to God, Nation and neighbor, a successful and happy career is in the making.

My best wishes for success are hereby extended to the Class of 1951. Climb though the rocks be rugged.

R. N. Keim
Supervising Principal

Believe It or Not
Class of 1951

Faith is of great importance whether we believe in it or not. Faith in God, faith in other persons, faith in one's self, faith in the wise ordering of Providence are a safeguard to good cheer, love and optimism. To believe that all is coming out well is of itself a powerful means of making it all come out well.

I would not counsel imprudence or foolish shutting of one's eyes to the actual conditions of affairs; but the actual conditions of affairs is in the main, a good condition. Worry is usually unjustified. Things are not so bad as they seem. The world is kind, and God is in it.

Optimism can always give a better account of itself than pessimism. Good cheer is to be chosen because it is likely to be based on truth and not falsehood. Motion and emotion are partners. We need them both if we would be efficient men and women. The seed of love, the love of a person, the love of country, the love of God are all planted in the heart. Only through experience, work, play, sympathy, cooperation, joy and sorrow, hope and fear, purpose and prayer, can we hope to attain success.

Wishing the best in life

Class History For 51

There were 92 people in our class when we entered the high school building back in 1946.

We were in the basement for our eighth grade year which was our introductory year to high school. Before we knew it we had walked the steps to freshmen; our class adviser that year was Mr. Edwards; and our class officers were: Pres., Margaret Wilson; V. Pres., Stiles Gaffney; Sec., Betty Pagano; Treas., Richard MacDonald. It was during this year we decided to take part in activities: football, basketball, track, and baseball, along with girls hockey.

Then before we knew it our last syllable of free time had faded into the past and on September 4, 1948, we came to class as sophomores. We found our adviser was Mrs. Gish, and our officers were: Pres., Steve Gustin; V. Pres., Stiles Gaffney; Sec., Mildred Kramer; Treas., Charles Wolf. It was also during this year we participated in all sports, both boys and girls alike. We also took part in other activities, such as the Bazaar, Christmas Pageant, Operetta, Band Concert, class party, assemblies, and student council. We closed the year with many unforgettable memories, only to find ourselves a bit more adult as Juniors. We began our year by choosing class officers: Pres., Jack Traino; V.-Pres., Margaret Wilson; Sec., Joan Hindermyer; Treas., Charles Wolf, with our class adviser, Mr. Edwards. Being as active as any other junior class, we took part in many other activities, such as chorus, Jr. Historians, Art Club, Hi-Y and Tri-Hi-Y, and the class play, "Saved by the Belle," instructed by Mrs. Gish. Then last but not least came the big climax of our short story. We were full fledged seniors, 53 in force with Mrs. Smith as our class adviser. It was in this year of "51" our class chose officers; Pres., Jack Traino; V. Pres., Jack Toth; Sec., Joan Hindermyer; and Treas., Charles Wolf. We had nine out for football, one for field hockey, four for basketball, eight for baseball, and five for track. We worked hard on the yearbook and the class play, "Mama's Baby Boy." directed by Mrs. Brown. There was to be no time for play, but being as we are, we found time for a hay ride and class room chatter. Putting aside all the worries of unfinished home work, the forgotten locker key, or a missing text book, we leave behind us twelve years of work, play, and memories to step into a different class room, the world, and start a new and more complex study. The following historians for the last four years make possible this class history of "51" history. Freshmen year: Robert Lebo; Sophomore and Junior years, Keith McKay; and the Senior year, yours truly (Class Historian) Kenneth Koller.

Class Prophecy

May 21, 1971

Dear Margie,

I was overjoyed at hearing from a former Swatara Township High School graduate and was very much interested at hearing about the other commercial students of 1951. Here are some of the students about whom I know.

Keith McKay, Richard Myers and Walter Bishop are the proud inventors of the never-miss artillery gun. This gun is constructed so that it is mathematically impossible to miss anything within 500 miles and traveling less than 5000 miles an hour. They claim to have gotten their basic information from Mr. Hartman in trigonometry class.

Did you hear about Jack Traino? He is the leading candidate for the Presidential nomination in the coming election of 1972. Evidently serving as president of our class was good training.

Dolores Lafferty is working for a business firm owned by Jack Toth, Charles Wolf, and Frank Stewart. There is an unconfirmed report that they hire only girl employees, but I don't know anything about that.

Richard Mansfield is a mechanic for that famous hot-rod racing duo, Ronald Reed and Robert Rine. They haven't lost a race in their last forty starts.

Since Warren Snavely has taken over his father's meat business, it has rivaled Swift's. The super salesman is Richard Johnson and the foreman of the big plant is Duke Batula.

Anthony Stoll and Howard Feig are operating a very successful gymnasium in New York City. One of their best customers is the winning lawyer in that recent missing persons' case, Lynn Weiser.

Elwood Harrell is now coach of the Harlem Globetrotters, and hasn't lost a game in two years.

Reid Lippert, after a successful career in the Marines, is now living on his pension and still searching for a perfect girl, although it is rumored he saw many of the female sex during his time in service.

Lester Stephenson and Steve Gustin are using their good looks in the movies while Charlotte Bittinger and Albert Hollenbach are starring in that new opera hit, "It Can't Be Done", The script was written by Kenneth Koller.

Those teaching at their old Alma Mater include: Robert Lebo, physical education; Ruth Shaeffer, music instructor; and Samuel Klick, democracy teacher.

Margaret Wilson, after getting preliminary training at the Polyclinic Hospital in Harrisburg, is now head nurse in the largest veterans' hospital in the country.

I saw Rheba Potter the other day looking very trim in her WAVE uniform, and she told me she finally married the Marine whom she used to date.

I received an invitation the other day to attend a party given at a well-known night club. The host is Carl Lynch. After inheriting a couple million, he is now making a hobby of collecting expensive dogs and entertaining expensive women.

Albert Roberts is now making a modest fortune as a bricklayer. His wife, Louise Randolph, is the eminent dress designer.

Well, I am afraid that's all I have time to write now, as I am late for my ditch-digging job.

Sincerely yours,

Donald Zook

May 15, 1971

Dear Donald,

The Navy has hit town! Betty Pagano, now Mrs. Alden Gundy, was here over the weekend while her husband was on leave. She has been traveling with Aggie while he is in service.

Dorthy Levens and Jo Anne Zook, soon to be discharged from the Waves, were shopping around looking for the home of their future photography studio. They are having their shop purchased through the Harrisburg National Bank, where Esther Wilson, as secretary to Milton Horner, the President, keeps things ticking like clockwork. Helen Frank is head bookkeeper at the bank.

Class Prophecy

(Continued from Page 21)

I dropped into Joan Hindermyer's house the other day for a cup of tea. Joan now has two adorable children. She said that her husband had taken her to a night club owned by Emma Hoffman in celebration of their wedding anniversary. Mildred Kramer is in charge of making all the girls beautiful, and Dorothy Kocher writes the scripts for all the programs.

Emma's guest stars for the evening were Florine Smith, the Queen of Ice, and Fay Sheetz, all American-Women's basketball player.

Anna Ernst sent me a postcard the other day from Washington, D. C., where she, Eva Bryant, Janet Pagano, Joyce Wolfe, and Miriam Turns are typing important documents for the government.

Izola Brown now has her own disc jockey program over the radio, where she advertises her record mart on Fifth Avenue.

The new gas station on the Hershey Highway is owned and operated by Ronald Wingert. Billy Love, his sidekick, is the head mechanic.

May Hildebrand, now Mr. Carl Raudensky, owns and operates her own art studio.

Junior is raising a fuss, so I'll have to get back to my housework.

Yours truly,
Margaret Krovic

FOOTBALL

The football team has won 4, lost 5, and tied 2 of its games. They are looking for a better season next year.

The junior varsity had a complete season with 6 wins and 6 losses.

The coaches showed hard work so our thanks go to Mr. Roddick and Mr. Shaak.

VARSITY BASKETBALL

Swatara fell down from third place to the bottom this year after having a bad season.

Mr. Landis, the coach, has all the faith in the world that some of the underclassmen will come through to have a more successful team in the near future.

The team's season record is 6 wins and 16 losses.

The leagues they played in were the Lower Susquehanna and the Suburban Conference.

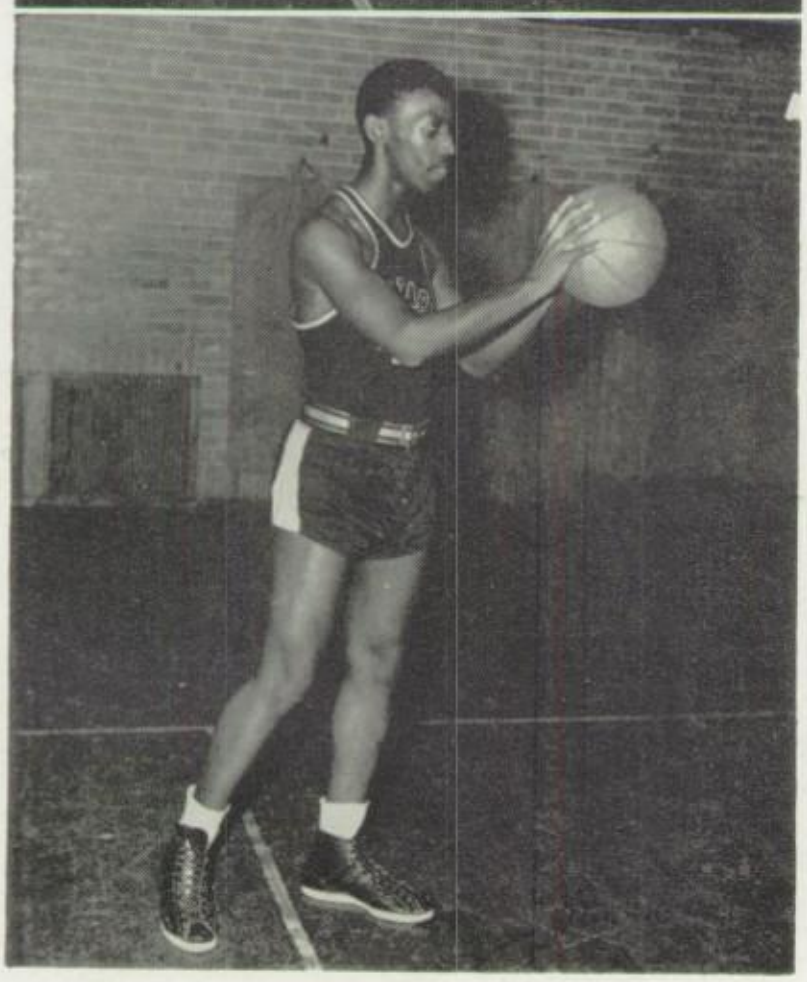
ANTHONY STOLL

Known to all of us here at Swatara as "Moan" or "Tony." Anthony Stoll was the captain of the basketball team this year, under Mr. Paul Landis. He has earned his varsity letter in basketball for two successive years. We are all sorry to see him leave S. T.; we hope he takes his ability with him and has a chance to use it in the future.



ELWOOD HARRELL

Elwood Harrell will be remembered by all of us as "Daggy." If we do happen to forget his name, we will always remember his constant little practical jokes that kept our school days full of life. As for his basketball ability, well, that speaks for itself. For three consecutive years he won his varsity letter in basketball. Here's hoping that he has the opportunity to play with some team in the future, for it would be a shame to see his ability go to waste.

GIRLS' BASKETBALL

The Swatara "Eaglettes" put up a desperate fight but were rewarded with only six wins, one a league game. Another league game ended in a tie. Next year promises to be a better one as the team loses only two players. This forecast is based upon the record set by the Junior Varsity.

RUTH SHEAFFER

Ruth, our basketball captain, has served three years on the team. She is a fast player, and the forwards have a hard time getting around her. She is a senior from Enhaut.

FAY SHEETS

Fay, our other senior, comes from Bressler. She has played guard on the team for two years. On the floor she is calm and cool.

CLASS POEM

There's silence in these halls tonight,
Not the usual laughter and noise,
For soon down the aisle will march
A procession of girls and boys.

Our work here is completed;
This battle has been won,
And now that we are graduates
A new part of life begun.

Our hearts are sad within us,
As tonight we bid farewell
To our school mates and our teachers
Who've always been so swell.

May we in the years to come
Remember with joy and pride
The days at dear Swatara High,
The happiest of our life.

—Esther Wilson

SCHOOL DAYS . . .

They cement many lasting friendships. Soon you and your classmates will take different roads, and it may be many years before some of you may meet again. School days do not last forever and when they are past, memories are kept warm by the photographs of friends and pals of the classroom and campus. Your chums should have a personality portrait of you and you will prize one of theirs in return. In a year or so you will be glad you took the means of keeping alive all the memories of school days.

And the home folk will cherish a portrait of the "turning point in your life."

This Studio is the headquarters of the Special Photographic Work and the doors are open to students at the Swatara High and their friends.

Why not arrange to come to the studio now and have your photograph taken?
